FOTOGRAF > Matthias Gaberthüel

Die fotografischen Interessen von Matthias Gaberthüel sind vielseitig und dies wiederspiegelt auch sein umfangreiches Portfolio. Er ist seit mehr als zwei Jahrzehnten mit der Kamera unterwegs und durch seinen Beruf als Agrarwissenschaftler konnte er schon weite Teile der Welt bereisen. Die Reisen inspirieren ihn immer wieder aufs Neue und beeinflussen seine Werke. Seine Bildsprache basiert auf Ästhetik und Harmonie im Zusammenspiel mit Kunst und Technik. Matthias lebt mit seiner Familie im Leimental in der Nähe von Basel.

Matthias Gaberthüel fotografiert mit X-Kameras von FUJIFILM und wird unterstützt von FUJIFILM (Schweiz) AG
